7.1.1 INSTITUTIONAL VALUES AND SOCIAL RESPONSIBILITIES

Strategic Perspective Plan

for the Year 2013-14

S.No	Month	Tentative Date	Plan	Strategy-	Details
1	March	08/03/2014	Women Empowerment	Strategy	We want to conduct a seminar on "Women Empowerment" on March 8 th 2014, on the occasion of Women's Day.
2	January	05/01/2014	5K-Run for health with exercise	Strategy	NSS/ Street are planning to conduct 5K run for health with Exercise in our college on 5 st January 2014
3	September	19/09/2013	Value Mapping in Operation Management	Strategy	E-Cell wants to organize the Guest Lecture on "Value Mapping in Operation Management" on Dated Sep 19 th 2013.

STRATEGIC PERSPECTIVE PLAN FOR THE YEAR

2013-2014

1. The International Women's Day was celebrated on 8th March 2014 at the Swami Vivekananda Seminar Hall from 01.00pm onwards. The chief guest for the event was **Dr.Sunayana Singh** (Vice Chancellor, EFLU, HYD .She told that **"Yatra naryastu pujoyante ramante tatra Devata, yatra itaastu na pujoyante sarvaastatrafalaah kriyaah"**. Where women are respected, there the gods make their home; where they are not respected, all human action remain unproductive. If empowered, the hand that rocks the cradle can surely rule the world; complementing, contributing, creating a better tomorrow for everyone.

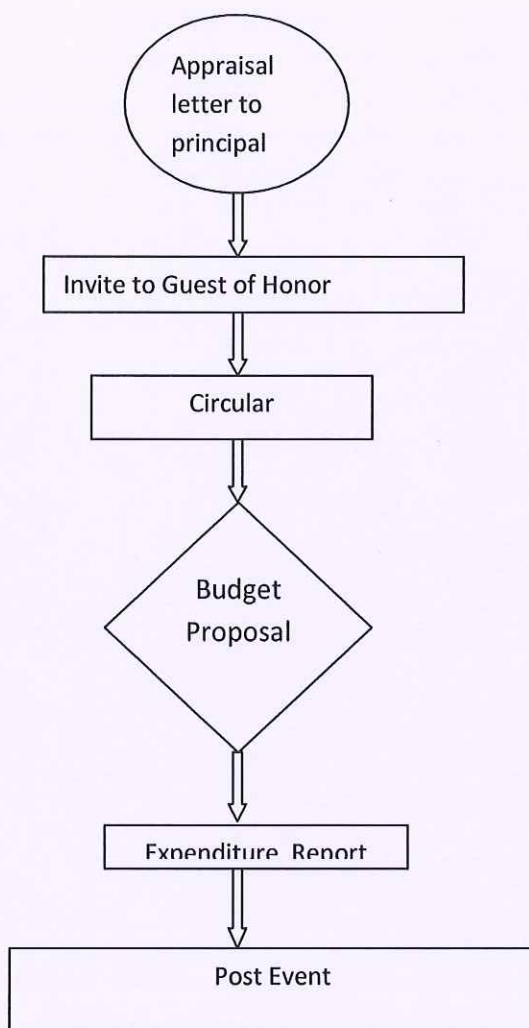

2. The St. Martins Engineering College has organized a 5K run for health with Exercise event in the college Campus for the staff teaching, non Teaching, Drivers and other contingency staff for 150 Member's participated in this event. Most of the girl students are motivated to participate to bring awareness to maintain proper health. The event was started on 05th January 2014 with a formal inauguration programme at campus Ms. S.GIRIJA, NSS Programme Officer, formally welcomed the dignitaries. Dr C.V.REDDY Principal described the aim and objectives of event and mentioned the expectations from volunteers in the camp.

3. Guest Lecture on **"Value Mapping in Operation Management"** had been conducted by the EDC Cell by Mr.Ravikanth Natarajan, Program Manager, PDU, Info Tech Enterprises Ltd, Hyderabad. on 19th September 2013.The students & Faculty had on session with the extension Knowledge provided by the guest. With this session the faculty had gained knowledge on Operation Management and how value Mapping Can be done in Operational Management.

**Sub : Request to conduct a guest Lecture on Value Mapping in
Operations Management - Reg**

Respected Sir,

St. Martin's Engineering college is promoted and managed under St. Martin's children Education Society (SMCES) that was founded in 1982. It started with a school at Balanagar having modest student strength of 42, and a unique vision to build a brilliant generation next. As of today, the society has wide spread into four branches from where more than 7,000 students receive quality education.

Establishment of E-Cell has been done in the year 2013 to motivate the students towards the Entrepreneurship. E-Cell want to organize the Guest Lecture on **"Value Mapping in Operations Management"**, We would appreciate if you could conduct a Guest Lecture of above stated subject for our students on 19/09/2013.

Kindly acknowledge and confirm the program.

Post Event Report

Name of the Event; "Skill up for Future"

Date of the Event: 01.08.2013

Number of students participated : 220

About the event:

The event enlightened all girl students with the knowledge given by the speaker. According to the speaker, Skill is the power of will. "Where there is a Will, there is a Way" is a known proverb. But, where there is a skill, there is a career is the present belief and trend to practice.

Every individual has a skill inherently but only a few can recognize as we, Indians have been busy with our regular practices of study skills. Skill is not divine or just a blessing. It is completely human, which to perceive and practice. One's future solely depends on the learning's of the past and practices of the present.

The seminar was very inspiring.

POST EVENT REPORT

1. Name of the event: "Yoga and Women Exercise"

2. Event Date: 21/06/2013

3. Number of students participated: 40

The students of St.Martin's Engineering College have organized Yoga and Exercise for the women at Government School, Jeedimetla. The practice of Yoga since the ancient time proves that it is a scientific way of living for holistic health. Yoga for women can be an enriching and empowering experience. We tend to overlook the the internal gifts because we are so engrossed in the pursuits of the materialistic world. Yoga is a journey of self discovery. For women empowerment Yoga is not a new idea but we need to revisit the self by using these techniques to get the essential details of holistic health and well-being. Yoga is a way of life for better living and it is one of the simplest ways to build your self-confidence, ignite your passion and feel empowered. It instills awareness and growth of consciousness so that when you align yourself with the principles of nature that other things fall in place and harmony is restored. Yogic life teaches us the know how to achieve the delicate mind, body and soul balance. Life can truly be very fulfilling if you know your limitations and potential growth areas. We returned to the college by 01.00 pm. At the end of the event students are satisfied with the success of the session.

POST EVENT REPORT

1. Name of the Event: "Women Empowerment Seminar about Cervical Cancer"

2. Event Date: 17/02/2014

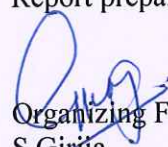

3. Number of students participated: 40

About the Event:

Our team visited and gave a seminar about cervical cancer at Alwal Govt Girls High School. Cervical cancer is cancer of the cervix, which is located at the opening of the uterus. Cervical cancer is almost entirely preventable with regular screening, appropriate and timely follow-up of abnormal results and human papilloma virus (HPV) immunization. Cervical cancer is preventable. Each year, about 630 women are diagnosed with cancer of the cervix and about 150 women die from this disease in Ontario. Screening is the only way to detect the early changes that might lead to cervical cancer. Most cervical cancers are diagnosed in women, who have never been screened or have not been screened regularly.
