#### **About the event:**

The event was very interesting as the resource person, Dr.Dolly Diana David, focused on women financial challenge. In her words, there is no worth for the personal life without any financial matter whether for a man or a woman. She also conveyed that as a woman of individuality and independence, it is a mandatory thing to have financial management without anyone support to prove the power of woman as the foundation of a family and society.

Many talented women couldn't achieve their innovative skills, they could not even make their dreams reality due to lack of financial base. If a woman takes such responsibility of making money, she will easily manage in a purposeful on attainable and achievable areas.

About the Event:

The NSS/Street Cause students of our college conducted "Enlightening the bewildered" an event on Career Counseling dated 28.10.2016 at Zilla Parishad Kalasala, Qutubullar, Secunderabad. School students have the whole world of opportunities ahead of them. From Scientists to Engineers to Chartered Accountants to Entrepreneurs to Artists, they can be anything they desire. However, the tremendous amount of options available to them makes the process of choosing a course stream and eventually a career more difficult and more confusing. At this particular time a proper guidance and career more difficult and more confusing. At this particular time a proper guidance and career counseling is very crucial. Career counseling not only helps in minimizing the confusion in everyone's head but it also clears all the myths and doubts. Understanding the need and importance of this, they even piloted the English classes for them. At the end of this event, both the recipients as well as the career counselors mutually benefited with a bank of immense knowledge.
