Strategic Perspective Plan for the Year 2016-17

S. No	Month	Tentative Date	Plan	Unit	Strategy	Details
1.	July	19-07-2016	Maintenance in Department Laboratories	50 Computer systems	Strategy	To verify and rectify problems of the systems and network.
2	Aug.	20-08-2016	Maintenance in Department Laboratories	60 Computer systems	Strategy	To verify and rectify problems of the systems and network.
3	Sept.	18-09-2016	Maintenance in Department Laboratories	60 Computer systems	Strategy	To verify and rectify problems of the systems and network.
4	Oct.	15-10-2016	Maintenance in Department Laboratories	50 Computer systems s	Strategy	To verify and rectify problems of the systems and network.
5	Nov.	19-11-2016	Maintenance in Department Laboratories	60 Computer systems	Strategy	To verify and rectify problems of the systems and network.
6	Dec.	16-12-2016	Maintenance in Department Laboratories	60 Computer systems	Strategy	To verify and rectify problems of the systems and network.
7	Jan.	23-01-2017	Maintenance in Department Laboratories	60 Computer systems	Strategy	To verify and rectify problems of the systems and network.
8	Feb.	21-02-2017	Maintenance in Department Laboratories	50 Computer systems	Strategy	To verify and rectify problems of the systems and network.
9	March	18-03-2017	Maintenance in Department Laboratories	60 Computer systems	Strategy	To verify and rectify problems of the systems and network.
10	April	18-04-2017	Maintenance in Department Laboratories	60 Computer systems	Strategy	To verify and rectify problems of the systems and network.
11	May	24-05-2017	Maintenance in Department Laboratories	60 Computer systems	Strategy	To verify and rectify problems of the systems and network.
12	June	13-06-2017	Maintenance in Department Laboratories	60 Computer systems	Strategy	To verify and rectify problems of the systems and network.

Computer Maintenance Strategy:

1. Computer Maintenance Committee is conducted at the beginning of each semester.
2. The Committee communicates with Head of all the Departments to inform their problems associated with different laboratories.
3. The concerned Lab Assistants have to submit the reports to concerned HoDs.
4. HoDs will intimate the problems to the System Administrators/HoD-IT for rectification.
5. System Administrators will check and resolve the issues.
6. The same thing will be intimated to the concerned Lab In-charges as well as HoD.

Flow chart for the above SOP is enclosed:
