About Department

The Department of EEE was started in the year of 2002 with an intake of 60. The Department is endeavoring to produce highly trained and capable engineers, who can take up the challenges of the real world. The Department focuses on uncompromising academic standards in imparting both theoretical and practical instructions with a view to prepare professional engineers. The department has been accredited by the National Board of Accreditation (NBA) since 2008. The Department is actively engaged in research. The efforts are directed towards reorienting the laboratories to establish close relation with industry. The department is striving hard to attain & sustain as a center of excellence in Electrical engineering education & research with a holistic approach. The Department has its own Technical Association, Beta to enhance the professional competence of students. Alumni Chapter is in existence and many of our alumni are pursuing their higher studies in IITs and reputed universities abroad. More than 70% of the eligible students are being placed in reputed companies every year.

About the Workshop

This Workshop aims to emphasize on substation automation system which is a collection of hardware and software components that are used to monitor and control an electrical system, both locally and remotely. Automation involves the deployment of substation and feeder operating functions and applications ranging from supervisory control and data acquisition (SCADA) and alarm processing to integrated volt/var control in order to optimize the management of capital assets and enhance operation and maintenance (O&M) efficiencies with minimal human intervention.
